Ads and Analytics Partners

We may partner with third-party advertisers, ad networks, and analytics providers to deliver advertising and content targeted to your interests and to better understand your use of the Website. These third parties may collect information sent by your computer, browser, or mobile device in response to a request for content, such as unique identifiers, your IP address, or other information about your computer or device. For example:

Advertisers and Ad Networks

Our ad partners and ad networks may use cookies and related technologies to collect information when ads are delivered to you on our Website, but The mosthelp.net does not link to or provide them with your actual The mosthelp.net account details. This means that The mosthelp.net does not share your individual account browsing habits with advertisers. The mosthelp.net cannot see advertisers' cookies and advertisers will not see The mosthelp.net cookies.

Analytics Partners

We use analytics partners (such as [Google Analytics](#)) to help analyze usage and traffic for our Website. As an example, we may use analytics partners to analyze and measure, in the aggregate, the number of unique visitors to our Website.

Your Choices

As a mosthelp.net user, you have choices about how to protect and limit the collection, use, and disclosure of information about you.

Accessing and Changing Your Information

You can access and change certain information through your account on the Website.

You may delete your account information at any time but please note you cannot use our website after deleting your account. We may also retain certain information about you as required by law or for legitimate business purposes after you delete your account.

Controlling the Use of Cookies

Most web browsers are set to accept cookies by default. If you prefer, you can usually choose to set your browser to remove or reject first- and third-party cookies.

Controlling Advertising and Analytics

Some analytics providers we partner with may provide specific opt-out mechanisms and we may provide, as needed and as available, additional tools and third-party website that allow you to better understand cookies and how you can opt-out. For example, you may manage the use and collection of certain information by Google Analytics.

Do Not Track

Most modern web browsers give you the option to send a Do Not Track signal to the websites you visit, indicating that you do not wish to be tracked. However, there is no accepted standard for how a website should respond to this signal, and we do not take any action in response to this signal. Instead, in addition to publicly available third-party tools, we offer you the choices described in this policy to manage the collection and use of information about you.

Controlling Promotional Communications

You may opt out of receiving some or all categories of promotional communications from us by following the instructions in those communications or by updating your email options in your account preferences. If you opt out of promotional communications, we may still send you non-promotional communications, such as information about your account or your use of the Website.

If you initially consent to our collection of location information, you can subsequently stop the collection of this information at any time by changing the preferences on your mobile device.

We take measures to help protect information about you from loss, theft, misuse and unauthorized access, disclosure, alteration, and destruction. For example, we use HTTPS while information is being transmitted. We also enforce technical and administrative access controls to limit which of our employees have access to non-public personal information.

Data Retention

We store the information we collect for as long as it is necessary for the purpose(s) for which we originally collected it. We may retain certain information for legitimate business purposes or as required by law.
